IFS UPGRADES

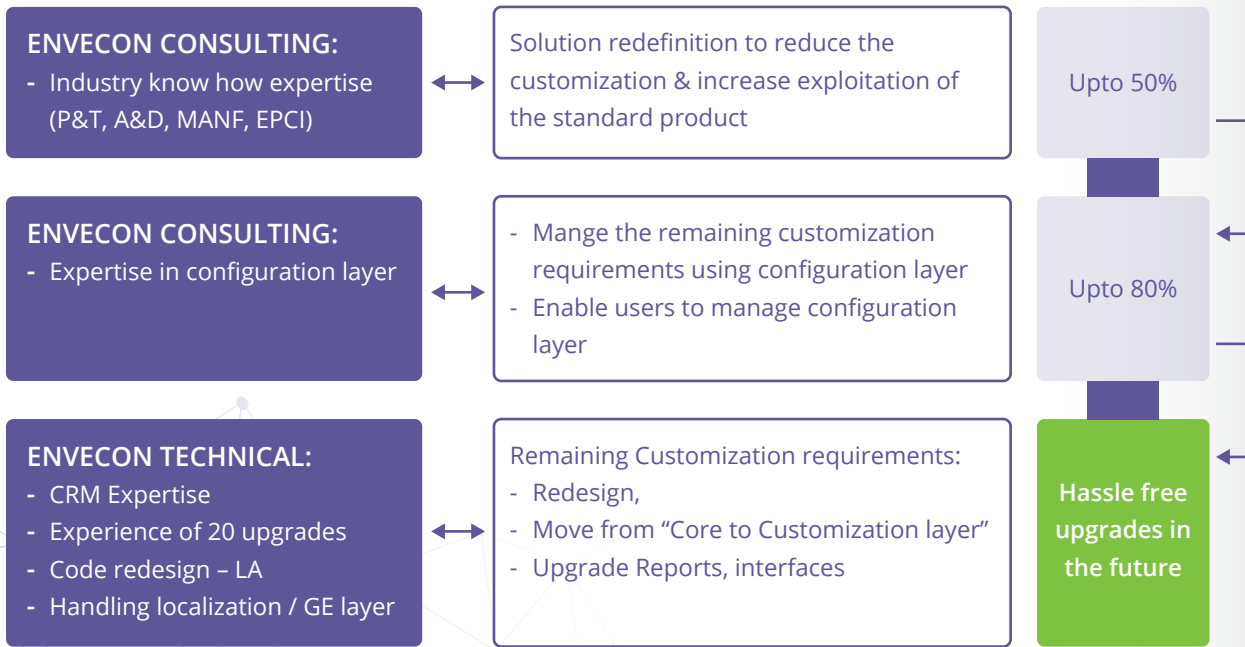

STEP TOWARDS effortless FUTURE UPGRADES

ENVECON IFS UPGRADE IS BUILT ON TWO PILLARS;

IFS Technical upgrade: This service is delivered by Envecon IFS Technical upgrade team, a group of technical experts equipped with top-notch tools and infrastructure. Envecon has in-house team with the right skills and experience to deliver lean upgrades with no surprises.

IFS Solution services: This team consists of business consultants with industry and application knowledge. They know the solution the customer is running and the new functionality in the latest version of IFS Applications so that they can effectively guide and assist the customer through the upgrade process.
